Bond Call Information:

#### Special Redemption

The 1985 Series R, S and T bonds may be redeemed in whole or in part on any date at the principal amount plus accrued interest to the date of redemption, from:

- unexpended proceeds.
- (ii) excess revenues transferred from the revenue reserve fund,
- (iii) prepayments of mortgage loans financed with the proceeds of the Series R, S, and T bonds,
- (iv) moneys withdrawn from the debt service reserve fund in connection with an excess over the debt service reserve requirement, and
- (v) from prepayments of mortgage loans financed with proceeds from series of bonds issued subsequent to the Series D bonds other than the Series R, S and T bonds and from certain moneys in excess of the debt service reserve requirement on deposit in the debt service reserve fund ("Cross Call Redemption").

Prepayments on mortgage loans financed with the proceeds of the Series R, S and T bonds, including prepayments on the 1981 mortgage loans but excluding prepayments on 1980 FHA and VA loans, shall first be applied to the redemption or purchase of Series T Term bonds due March 1, 2010 during the periods up to the scheduled principal amounts set forth in the series resolution.

Moneys in excess of the debt service reserve requirement shall be applied to the redemption of the series R, S and T bonds in any manner. Moneys to be applied to a redemption from excess revenues in the revenue reserve fund, from prepayments in excess of the scheduled principal amounts or from cross call redemption sources, shall be applied pro rata. However, the Agency may redeem on other than a pro rata basis, if the Agency files a notice with the Trustee together with a cash flow certificate.
